CHAPTER XII: CORE SETTLEMENT GUARANTEE FUND

1. Objective of the Core Settlement Guarantee Fund (CSGF)

The Clearing Corporation shall have a fund called Core Settlement Guarantee Fund (CSGF) for each clearing segment with respect to each segment of the Specified Stock Exchange to guarantee the settlement of trades executed in the respective segment of the Specified Stock Exchange. In the event a Clearing Member fails to fulfil the settlement obligations, the CSGF shall be used to fulfil the settlement obligations of the Clearing Member and complete the settlement without affecting the normal settlement process.

2. Corpus of the CSGF

(1) The corpus of the CSGF shall be adequate to meet out all the contingencies arising on account of failure of any Clearing Member(s).

(2) The quantum of the corpus of the CSGF shall be determined by taking into consideration the risk or liability to the CSGF on account of various factors including trade volume, delivery percentage, maximum settlement liability of the Clearing Members, the history of defaults of the Clearing Members, capital adequacy of the Clearing Members and the degree of safety measures employed by the Clearing Corporation. In order to assess the fair quantum of the corpus of the CSGF, the Clearing Corporation shall consider the following factors:

- a) Risk management system in force

- b) Current and projected volume/turnover to be cleared and settled by the Clearing Corporation on guaranteed basis
- c) Track record of defaults of the Clearing Members (number of defaults and amount in default of the Clearing Members)

3. Minimum Required Corpus of the CSGF

The Relevant Authority shall specify from time to time the Minimum Required Corpus (MRC) of the CSGF for each clearing segment of the Clearing Corporation with respect to each segment of the Specified Stock Exchange in accordance with the norms prescribed by SEBI from time to time.

4. Constitution of the Corpus of CSGF

The corpus of CSGF shall consist of the following:

a) Contributions of various contributors:

The contributions of various contributors to the CSGF at any point of time shall be as follows:

- i. Clearing Corporation's contribution: The Clearing Corporation's contribution to CSGF shall be at least 50% of the MRC. The Clearing Corporation shall make this contribution from its own funds. The Clearing Corporation's contribution to CSGF shall be considered as part of its net worth.
- ii. Specified Stock Exchange's contribution: The Specified Stock Exchange's contribution to CSGF shall be at least 25% of the MRC. Such contribution can be adjusted against the transfer of profit by the Specified Stock Exchange as per Regulation 33 of Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2012 (SECC Regulations).
- iii. Clearing Member's primary contribution: The Clearing Corporation may seek risk based contribution from Clearing Members of the clearing segment to the CSGF subject to the following conditions:
 - The total contribution from the Clearing Members shall not be more than 25% of the MRC. Such contribution shall ordinarily be in the form of cash contribution to CSGF. However, the Clearing Corporation may accept the Clearing Member's contribution in the form of bank fixed deposits in accordance with the norms prescribed by SEBI from time to time.
 - No exposure shall be available on CSGF contribution of any Clearing Member. For this purpose, the exposure-free collateral of the Clearing Member available with the Clearing Corporation can be considered towards CSGF contribution of the Clearing Member.
 - The required contribution of each Clearing Member shall be pro-rata based on the risk that they bring to the system.

- The Clearing Corporation shall have the flexibility to collect the Clearing Member's primary contribution either upfront or staggered over a period of time. In case of staggered contribution, the remaining balance shall be met by the Clearing Corporation to ensure adequacy of total CSGF corpus at all times. Such Clearing Corporation contribution shall be available to the Clearing Corporation for withdrawal as and when further contributions from the Clearing Members are received.

b) Any penalties levied by the Clearing Corporation (as per Regulation 34 of SECC Regulations.)

c) Interest on cash contribution to CSGF shall accrue to the CSGF and pro-rata attributed to the contributors in proportion to their cash contribution.

5. Management of CSGF

(1) The Defaulters' Committee/SGF utilization Committee of the Clearing Corporation shall manage the CSGF.

(2) The Clearing Corporation shall follow prudential norms of investment policy for the CSGF corpus and establish and implement policies and procedures to ensure that the CSGF corpus is invested in accordance with the investment norms prescribed by SEBI from time to time.

6. Access to CSGF

The Clearing Corporation may utilise the CSGF in the event of a failure of the Clearing Members to fulfil their settlement obligations.

7. Further contribution to / Recoupment of CSGF

(1) The requisite contributions to the CSGF by various contributors for any month shall be made by the contributors before start of the month.

(2) The Clearing Corporation shall review and determine by 15th of every month the adequacy of contributions made by various contributors as above and call for any further contributions to the CSGF as may be required to be made by various contributors for the next month.

(3) In the event of usage of the CSGF during a calendar month, the contributors shall, as per usage of their individual contribution, immediately replenish the CSGF to MRC.

(4) In case there is failure on part of some contributor(s) to replenish its (their) contribution, the same shall be immediately met, on a temporary basis during the month, in the following order:

- a) By Clearing Corporation
- b) By Specified Stock Exchange

8. Default waterfall

The Default waterfall shall become applicable only in case the Clearing Member is declared a defaulter after

appropriation of the monies of the defaulting Clearing Member.

The default waterfall of the Clearing Corporation for any clearing segment shall follow the following order -

- a) Monies of the defaulting Clearing Member (including the defaulting Clearing Member's primary contribution to the CSGF(s) and excess monies of the defaulting Clearing Member in other clearing segments.)
- b) Insurance, if any.
- c) Clearing Corporation resources (equal to 5% of the clearing segment MRC).
- d) CSGF of the clearing segment in the following order:
 - i. Penalties
 - ii. Clearing Corporation's contribution to the extent of at least 25% of the clearing segment MRC
 - iii. Remaining CSGF: Clearing Corporation's contribution, Specified Stock Exchange's contribution and non-defaulting Clearing Members' primary contribution to CSGF on pro-rata basis.
- e) Proportion of remaining Clearing Corporation resources (excluding Clearing Corporation's contribution to CSGFs of other clearing segments and INR 100 Crore) equal to ratio of clearing segment MRC to sum of MRCs of all clearing segments.*
- f) Clearing Corporation/Specified Stock Exchange contribution to CSGF of other clearing segments (after meeting obligations of those clearing segments) and remaining Clearing Corporation resources to that extent as approved by SEBI.
- g) Capped additional contribution by non-defaulting Clearing Members of the clearing segment.**
- h) Any remaining loss to be covered by way of pro-rata haircut to pay-outs. ***

Explanation

1. * INR 100 Crore to be excluded only when remaining Clearing Corporation resources (excluding Clearing Corporation contribution to CSGFs of other clearing segments) are more than INR 100 Crore.

2. **Clearing Corporation shall limit the liability of non-defaulting Clearing Members towards additional contribution to a multiple of their required primary contribution to CSGF and the framework regarding the same shall be disclosed. In case of shortfall in recovery of assessed amounts from non-defaulting Clearing Members, further loss can be allocated to layer 'f' with approval of SEBI.

3. ***In case loss allocation is effected through haircut to payouts, any subsequent usage of funds shall be with

prior SEBI approval. Further, any exit by Clearing Corporation post using this layer shall be as per the terms decided by SEBI in public interest.

9. Stress Testing and Back Testing

The Clearing Corporation shall conduct stress tests for credit risk, liquidity stress test, reverse stress test, back testing for adequacy of margins and such other tests as may be appropriate in accordance with the norms prescribed by SEBI from time to time.
